### BREAKING: WOMAN GIVES BIRTH TO SEXTUPLETS

In the capital Redgate, a woman gave birth to sextuplets on Monday. After years of trying, they finally succeeded, and they didn't score one baby but six!

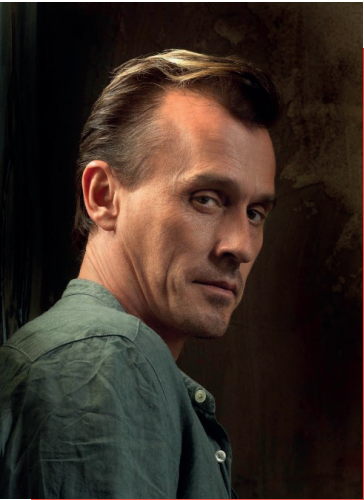

At 6 o'clock in the evening on the 19th of March Tereza Vsevolodovna gave birth to the sextuplets in a hospital in Redgate, the Laguna Medical Center. Five boys and one girl. This is a real miracle for the hospital and for the entire country. The doctors state that the mother and her children are in good health.

Because of this rare event, a lot of doctors were involved. The confinement was quite difficult. It is the first time ever that something like this happens in Ironhedge. The children were born with a Caesarean.

It was the first time that the parents had children. It was actually a surprise that there were six children since the doctors at Laguna Medical Center told them that they would have five babies. They are very happy that there are six, everyone is very welcome in their family. This is even better for Ironhedge as the population growth is very low.

### MOST WANTED CRIMINAL ARRESTED

The police has been looking for him for 29 years. Igor Igorian is the most wanted criminal in the world and he was finally arrested on Tuesday.

Igorian is originally from Ironhedge but he fled abroad after having committed a crime, so he couldn't be found. He was spotted a week ago on camera in a town in Furan. As a result, the police immediately started their search and were able to arrest the man. The DNA of the now 66-year-old man corresponds to a DNA track that was found and preserved in December 1989 after the crime, the Public Prosecutions Department announced on Thursday.

In 1989, Igor's wife died giving birth to her sixth child. They were happily married and because of that, the death of his wife was very heavy for him. On top of that, the man suffered from pedophobia, which made him panic when he realized that he had to raise his children alone. He was terrified and killed them all in a delusional mood. Since then he was nowhere to be found.

For Ironhedge this is not acceptable because the population growth is very important to them. Now that the man has been arrested, he will receive a life sentence and is now stuck in Shadowvalley from where he will never be able to escape.

### NATIONAL HOLIDAY OF IRONHEDGE

On the occasion of the national holiday on April 6, the association for the promotion of Ironhedge organizes a lot of activities for the general public in Redgate. The national holiday should be a grand national event and should offer our fellow citizens the opportunity to celebrate patriotism together in the heart of our capital.

From 10 am, free activities take place in Redgate all day long: concerts, demonstrations, activities for children, the possibility of visiting Shadowvalley, listening to the speech of our leader Vladislav and of course you can also take a picture with his beloved and loyal dog, Magnus.

The organization asks the inhabitants to wear red clothes on our national holiday to honor the love for our country. If someone does not adhere to this, no safety can be guaranteed.
